NEWGATE 180
ADDICTION SOLUTIONS

Newgate 180 has assembled a professional and highly-qualified team of addiction, family, mental and physical health experts who have designed education and treatment programs second to none in Canada. We provide our clients with one of the most professional and contemporary treatment programs in the country.

We work with families and employers as well as the individual themselves to make sure we heal to whole person so that when they finish our program, their entire life is back on track.

Check out our improved website, Facebook and Twitter pages to see how we are reaching people like never before!

Ottawa Board of Trade Awards Finalists

Finalist Ranking Good for Newgate Program

"We are very humbled and proud to have been not only nominated this year for an Ottawa Board of Trade Award, but to reach the finals shows us our program is working and is recognized by our peers"

Peter Kunst, Executive Director

Well, we were there, we participated and we were honoured to be in such select company. And although Newgate 180 didn't win its category, we are still very, very honoured to have been in such a prestigious award ceremony at this year's West Ottawa Board of Trade Annual Business Excellence Awards.

We know that to be nominated is an award in and of itself and to be in such great company, well, we were simply blown away.

To be mentioned in the company we were in during the awards ceremony tells us our program is recognized by our peers and in the business community at large. Of course, we understand also that it is our clients, individuals and corporate as well as the family members of those addicted, who give us our greatest assurance that our program is working each and every day. When we help a person get their lives back on track and an employer get his or her best employee back and a family get their father, mother, son or daughter back, it is very rewarding indeed.
